90 Boroline Road
Allendale, NJ 07401

Subject: Amended Reregistration Label
Algaecide for Spas and Hot Tubs
EPA Registration Number: 8959-27
EPA Decision Number: 455741

Dear Ms. Trager:

The Agency, in accordance with the Federal Insecticide, Fungicide and Rodenticide Act (FIFRA), as amended, has completed reviewing all of the information submitted with your application to support the reregistration of the above referenced product in connection with the **Busan 77 RED** and has concluded that your submission is acceptable.

NOTE: This product is **not** being reregistered under sections 3(c)5 and 4(g) of FIFRA at this time.

Please note that the record for this product currently contains the Confidential Statements of Formulation (CSFs) listed below. Any previously dated CSFs are superseded.

- Basic CSF, dated July 22, 2013
- Alternate CSF, dated July 22, 2013

A copy of your label stamped "Accepted" is enclosed along with copies of the acute toxicity and product chemistry reviews completed for the subject product. Products shipped after 12 months from the date of this amendment or the next printing of the label whichever occurs first, must bear the new revised label. Your release for shipment of the product bearing the amended label constitutes acceptance of these conditions. If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e).

Should you have any questions or comments concerning this letter, you may contact me by telephone at (703) 308-6416 or by e-mail at campbell.jacqueline@epa.gov or Srinivas Gowda by telephone at (703) 308-6354 or by e-mail at gowda.srinivas@epa.gov during the hours of 8:00am to 4:00pm EST. When submitting information or data in response to this letter, a copy of this letter should accompany the submission to facilitate processing.

Sincerely,

Jacqueline Hardy
Product Manager 34
Regulatory Management Branch II
Antimicrobials Division (7510P)

ALGAECIDE FOR SPAS & HOT TUBS

ACCEPTED
07/03/2014
Under the Federal Insecticide, Fungicide
and Rodenticide Act as amended, for the
pesticide registered under
EPA Reg. No. 8959-27

- Non-foaming
- Controls bacterial growth
- Helps prevent future occurrence of algae
- No pH adjustment necessary before use
- Controls the formation of algae
- Kills all types of algae

Active Ingredient:

Poly [oxyethylene (dimethyliminio) ethylene (dimethyliminio) ethylene dichloride] 6.0%

Other Ingredients: 94.0%

Total: 100.0%

This product contains 0.5 lb. of active ingredient per gallon and weighs 8.4 lbs. per gallon.

KEEP OUT OF REACH OF CHILDREN

CAUTION

Read precautionary statements and first aid on [back] [side] [left] [right] panel.

Net Contents: ____ fl. oz. (____ ml)

EPA Reg. No.: 8959-27

EPA EST. No.: *(as indicated on container)*

**PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS AND DOMESTIC ANIMALS**

CAUTION: Harmful if swallowed. Harmful if absorbed through skin. Causes moderate eye irritation. Avoid contact with skin, eyes or clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet. Remove and wash contaminated clothing before reuse.

FIRST AID

If Swallowed: Call a poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or a doctor. Do not give anything by mouth to an unconscious person.

If on Skin or Clothing: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.

If in Eyes: Hold eyelids open and rinse slowly with water for 15-20 minutes. Remove contact lenses if present after 5 minutes then continue rinsing eye. Call poison control center or doctor for treatment advice.

If Inhaled: Move person to fresh air. If person is not breathing call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth if possible. Call a poison control center or doctor for further treatment advice.

Have the product container or label with you when calling a poison control center or doctor, or going for treatment.

IN CASE OF EMERGENCY CALL: 1-800-654-6911.

{Note to reviewer: Environmental hazards statement for end-use products in containers less than 5 gallons (liquid) use only the first sentence; all others use the full paragraph.}

ENVIRONMENTAL HAZARDS

This pesticide is toxic to fish and aquatic organisms.

Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans, or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination Systems (NPDES) permit and the permitting authority has been notified in writing prior to discharge.

Do not discharge effluent containing this product to sewer systems without previously notifying the local sewage treatment plant authority. For guidance contact your State Water Board or Regional Office of the EPA.

This product is efficient, economical and stable in use dilution. It is compatible with most chemicals used in spa or hot tub water and will not damage tile, concrete, metal or plastics. Do not pre-mix with any foreign material; such as soap or other chemicals before application. This product works best when added [in several places] by itself directly to spa or hot tub water with the pump running. Wait 15 minutes before entry of swimmers. Clean spas or hot tubs with heavy growth of algae prior to using this product.

DIRECTIONS FOR USE:

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

INITIAL TREATMENT: For visible algae growth or slimy interior, add 6 - 8 ounces of this product for every 500 gallons of spa water. For best results, drain and clean spas containing heavy algae growth prior to treatment.

MAINTENANCE: After the initial treatment, keep your spa free of algae growth by adding 1 - 2 ounces for every 500 gallons of spa water every 5 - 7 days. This product is compatible with other spa chemicals. It can be used in conjunction with chlorine or bromine and may reduce the amount of those chemicals required.

IMPORTANT NOTE: Always apply chemicals separately. Never combine them. Do not mix with dry or liquid chlorine products.

STORAGE & DISPOSAL:

{Nonrefillable container - household/residential use}

[Keep this product dry in its tightly closed container when not in use. Store in a cool, dry, well-ventilated area. Keep away from heat or open flame. Nonrefillable container. Do not reuse or refill this container. Rinse empty container thoroughly with water to dissolve all material prior to disposal. Offer for recycling if available. Do not contaminate food or feed by storage or disposal or cleaning of equipment.]

{Optional - for use on residential use spa products.}
